Audit & Risk Management Committee Charter

AUDITOR INDEPENDENCE POLICY

This policy is intended to maintain the independence of AusNet Services' external auditors by regulating the provision of non-audit services by the external auditors.

For the purposes of this Policy, the term "auditors" includes an individual, a firm or a company involved in the audit of AusNet Services.

This Policy provides guidance to both management and the Audit and Risk Management Committee (**ARMC**) by defining:

- Audit Services – services considered to be within the scope of audit services;
- Prohibited Services – services which may not be provided by the external auditors; and
- Permissible Non-Audit Services – services which may be provided by the external auditors, with the prior approval of the ARMC Chairman.

It also sets out AusNet Services' policy on auditor rotation.

Audit Services

The external audit engagement encompasses the external auditors' review of the half-yearly financial statements, the audit of the annual financial statements and the audit and review of regulatory returns in accordance with the annual audit plans and terms of reference approved by the ARMC pursuant to its charter. Any services included in, or necessarily incidental to, the terms of that engagement are to be regarded as Audit Services.

Prohibited Services

The external auditors must not provide services which are in conflict with their role as statutory auditors or that would otherwise create a perceived or real threat to the independence of the external auditors. These services include all areas in which the auditors may ultimately be required to express an opinion of their own work. Examples of services that may not be performed by the external auditors include (without limitation):

- management consulting;
- IT systems design or implementation;
- valuation services (except where related solely to tax affairs);
- bookkeeping, accounting and payroll services;
- broker, dealer or investment advisory services;
- litigation or legal advocacy services;
- internal audit services;
- actuarial services;
- fairness opinions; and
- preparation of sale documentation.

Permissible Non-Audit Services

The Chief Financial Officer or Managing Director may approve the engagement of the external auditors to provide services which are not:

- Audit Services; or
- Prohibited Services,

provided that the aggregate value of such services approved by the Chief Financial Officer or Managing Director does not exceed an amount of \$100,000 at any time. Such services may include, but are not limited to, audit related services such as grant audits, letters to banks relating to covenants, comfort letters for debt offerings and the like which require the auditors to make reference to their audit of the financial statements.

Audit & Risk Management Committee Charter

The ARMC or ARMC Chairman may pre-approve or subsequently endorse the provision of Permissible Non-Audit Services approved by the Chief Financial Officer or Managing Director. These approved or endorsed services (as applicable) are excluded in calculating whether the above authority limit for the Chief Financial Officer and Managing Director has been reached.

In considering whether to grant such approval or endorsement, the Chief Financial Officer, Managing Director, ARMC and ARMC Chairman will consider whether such services require such a detailed and unique knowledge of AusNet Services' activities that would make it exceptionally costly or inefficient to engage another service provider.

Reporting to ARMC

The Chief Financial Officer will provide a report to the ARMC quarterly which describes any non-audit services provided by the external auditors since the last quarterly report.

Annual Reporting

Each annual Directors' Report for AusNet Services will include, under the heading "Non-audit services", the following information in relation to the external auditors:

- details of the amounts paid or payable for non-audit services provided during the year by the auditors;
- a statement whether the Directors are satisfied that the provision of those non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act; and
- a statement of the Directors' reasons for being satisfied that the provision of those non-audit services did not compromise the auditor independence requirements of the Corporations Act.

This statement must be made in accordance with advice provided by the ARMC or a resolution of Directors of AusNet Services.

If the statement is made in accordance with advice provided by the ARMC:

- the statement must be consistent with that advice and must not contain any material omission of material included in that advice; and
- the advice must be endorsed by a resolution passed by the ARMC; and
- the advice must be written advice signed by a member of the ARMC on behalf of the ARMC and given to the Directors.

Auditor Rotation

An individual must not play a significant role in the audit of AusNet Services for more than five successive financial years or for more than five out of seven successive financial years. Accordingly, the lead auditor in relation to the audit of AusNet Services must be rotated by any audit firm or company engaged by AusNet Services to comply with this requirement.
